

Emmanuel Ubah

Bronx, NY — emmaubah2006@gmail.com — linkedin.com/in/emmanuel-ubah — github.com/emmaubah

EDUCATION

Lehman College, City University of New York

Expected May 2027

Bachelor of Science in Computer Information Systems (GPA: 3.90/4.00)

Bronx, NY

- **Relevant Coursework:** Data Structures and Algorithms (Python), Object-Oriented Programming (Python & Java), Web Development (HTML & CSS), Discrete Mathematics

The Knowledge House

January 2026 - September 2026

Innovation Fellowship - Data Analytics

Bronx, NY

- **Relevant Skills:** SQL, Python, Pandas, Tableau, Statistical Analysis, Machine Learning

TECHNICAL SKILLS

Programming Languages: SQL, Python, Java, JavaScript

Data Analysis & Tools: Excel (Advanced), MySQL, Power BI, Tableau, Git

Analytics Concepts: Data Cleaning, Data Wrangling, ETL, Exploratory Data Analysis (EDA), Statistical Analysis

PROJECTS

Bloomberg Hackathon – Breezi | TypeScript, JavaScript, HTML, CSS, Next.js | [Link](#)

- **Developed interactive front-end functionality using TypeScript, JavaScript, HTML, CSS, and Next.js** to support navigation, borough selection, weather visualization, and interactive dashboards.
- **Integrated multiple API into the chatbot workflow** to retrieve relevant weather and environmental information, enabling users to receive contextualized responses.
- **Collaborated on an NYC-focused weather and air-quality application** that consolidated borough-level air-quality data, historical comparisons, and weather forecasts into a centralized user interface.

EXPERIENCE

Kips Bay Lucille Palmaro – SYEP

July 2025 – August 2025

STEM Program Group Leader

Bronx, New York

- **Directed and oversaw 20+ students** through hands-on coding and STEM projects, strengthening problem-solving, computational thinking, and teamwork skills.
- **Facilitated structured technical activities** that translated coding concepts into practical applications, increasing student exposure to STEM and technology.
- **Coordinated collaborative projects and challenges** for diverse learners, providing individualized guidance to maintain engagement and support successful project completion.

Sport Foundation Inc. – SYEP

July 2024 – August 2024

STEM Mentor/ Program Participant

Bronx, New York

- **Mentored 10+ students ages 10–14** through hands-on STEM activities, simplifying technical concepts to strengthen understanding and engagement.
- **Engineered a functional model vehicle** by integrating DC motors, an Arduino controller, and custom Python programming to control speed and directional movement.
- **Collaborated with team members to troubleshoot hardware and software integration challenges**, applying technical problem-solving and communication skills to complete the STEM project successfully.

CERTIFICATIONS & TRAINING

Intermediate Technical Interview Prep

Issued May 2026

CodePath

Online

- Strengthened advanced problem-solving skills by applying **trees, graphs, dynamic programming, and algorithmic techniques**, reinforced through coding challenges, pair programming, and **technical mock interviews**.

Introduction to Web Development

Issued December 2025

CodePath

Online

- Developed responsive and interactive web interfaces using **HTML, CSS, and JavaScript**, with emphasis on client-side development and modern responsive design principles.
